

Join the 2010 Baby Bottle Change for Life Campaign!

Businesses and Churches are collecting change and bills in baby bottles to help our professional counseling and care pregnancy center raise our annual budget.

Special needs at this time include providing counseling on the National Helpline and printing materials for the Sexual Integrity program for youth.

This campaign allows individuals to have a part in giving their change for life. Everyday abortion stops over 3500 beating hearts in the United States.

Purchase your own bottles or call us and we will provide them. Simply pass out the bottles to your employees or church members and ask them to fill them with change for LIFE!

Pick up your bottles at 202 E. Commercial Ave or call 238-4329 for more information.

Print off the tag below for your bottles!
